ACADEMIC CLASSES

20 hours per week

09:30 - 12:30

17:00 - 17:45

Global Citizens Programme:

Our global citizens programme offers our students the opportunity to research subjects related to our ever-changing world. The project focuses on topics such as global interdependence, diversity of identities and cultures, sustainable development, peace and conflict and inequities of power, resources and respect. We believe at Inspire that, in the words of John Dewey, *'Education is not a preparation for life, it is life itself.'*

We are fortunate enough to have some truly amazing personalities and characters that join us each summer on our courses. We not only aim to help them improve their English skills, but also challenge them to question and consider the wider world and have a sense of their own role as a world citizen.

Our project provides the foundations for this and in a flexible, fun and proactive environment, through the use of teamwork, our students work towards giving short presentations at the end of the course on one of the subject matters that they feel strongly about. In previous years these presentations have provided the platform to practice English and improve confidence when presenting, as well as encourage a willingness in our students to, in their own small way, help to make the world a more equitable and sustainable place.

Language focus

Students are tested pre course and on arrival to judge their language level. We have classes for advanced, intermediate and elementary students. Our syllabus is available on request.

Thank you Inspire. Thanks for introducing me to so many special people. I loved the classes, the Global Citizens course and also I got to try so many creative options in the afternoons. Thank you for these two wonderful weeks.

PARENT TESTIMONIALS

I would like to say that this summer experience was really a great experience for Xavier, and I believe he will never forget it. It was his first experience travelling abroad without his parents. His expectations were completely fulfilled and when he returned he was really a happy boy not only with the improvement in his English but also with the amazing experience he lived and shared with everyone, he felt as comfortable as at home. I would recommend this to my friends and most of all. I sincerely hope Xavier can repeat the experience the following summer.

Thanks to you all, Sean, Jules, teachers, monitors, friends, you were all important and I am very thankful for all your help and support. Please come and visit us in Portugal, we would like to welcome you in our home the same way you have welcomed Xavier amongst your family.

Leonor Guedes Vaz - Parent, Portugal

Inspire became very quickly the preferred option for our daughter and for us because the team was very supportive and highly professional from our initial contacts. We strongly recommend Inspire to parents and children not only because this organization delivers high quality English learning programs but also because it takes a holistic approach and provides its students with a highly enriching experience both inside and outside the classroom. After 2 weeks, Olivia was delighted with her improved English, new wonderful friends and plenty of inspiring memories – many thanks Inspire! We have no doubt we will send our children to Inspire Summer next year.

Jordi Badia - Parent, Spain

Inspire was a really great experience for Emma. Perfect organization both for teaching and leisure activities. She had lot of fun and made many international friends while she was improving her English.

The staff were wonderful! They were all very nice to every students and they made Emma feel like she was at home!

After the two weeks course she was really upset to leave Bradfield College.

I really need to thank Sean, Andy and all the teachers for the lovely two weeks. Emma is looking forward to come back to Inspire next year.

Monica Viscomi – Parent- Italy
