WHY CHOOSE FUTURE LEARNING?

Leaders in Technology Enhanced English Lessons

Since launching our unique English language programmes Future Learning (FL) has been turning many heads within the language sector with our unique approach to teaching English through technology. Through high standards our popularity has led to continued growth for 2017.

With our founders combined year’s of experience in the English language sector, second level education and some of the top IT companies we are aware of the expectations of today’s students and what is required of them in a fast paced working world. We are also acutely aware that our foreign student’s English levels are improving each year and thus rather than continuing with the standard language courses we cater for those looking for something different, innovative and exciting.

The entire schooling at FL is centered around harnessing the everyday devices which students are familiar with and eager to use in the classroom. These devices include tablets, mobile phones, desktop computers, laptops, interactive and touch screen boards. FL only works with schools and institutes that can cater for our learners needs and provide modern 21st Century learning environments.

FL continues to develop a unique English language curriculum which we are constantly working to improve upon. Our English lessons are immensely active and fun with a focus on group and project work while all the time learning through modern technology. These lessons which have a strong link between the classroom and our fun activity programme are proving to be the way forward for students, parents and teachers.
WHY CHOOSE FUTURE LEARNING?

Offering A Variety of Quality Programmes

JUNIOR SUMMER PROGRAMMES

DUBLIN, IRELAND

FL offers both homestay and residential programmes in Dublin, Ireland for junior students (11-17 years old). Dublin is the perfect language destination which is steeped in history and has an abundance to offer students outside of lessons. Our technology enhanced English junior programmes are the most innovative on the market and promise not to disappoint.

JUNIOR SUMMER PROGRAMMES

CANTERBURY, UK

FL offers a top quality residential programme in Canterbury, UK for junior students (11-17 years old). Located south east from London, Canterbury has absolutely everything to offer language students. This centre adapts the FL technology enhanced English approach which is different, innovative and exciting.

HIGH SCHOOL PLACEMENTS

FL has excellent relationships with the top second level schools in Ireland, both private and public. Students can choose their most suitable school from a variety of options in Dublin and throughout Ireland. Academic placements can take place for the full year, numerous years or for just a term.

TEACHER TRAINING: IMPLEMENTING TECHNOLOGY IN THE CLASSROOM

FL has delivered its unique teacher training programme to schools about Europe, Asia and of course Ireland. Our staff are experts in the areas of teaching and learning through technology and can share this knowledge through well planned workshops which best suit your school’s needs.

This has been a life changing experience for me. I have learned so much and met new friends from all over the world. I will definitely come back!

From the moment our group were greeted at the airport by FL staff we knew we would be very well looked after. Everyone was so friendly and caring. I really liked my Irish host family and we still keep in contact.
We offer two options for our junior students, Host Family Programme & residential Programme. Participating in either programme you are guaranteed to have a truly Irish experience and one which will last a lifetime. Both programmes consists of 15 hours tuition per week, fun afternoon activities, amazing excursions, lots of new international friends along with much more.

You can read all about our junior programmes on the next pages and we welcome any further questions. info@lireland.com

Dublin, Ireland

Junior Summer Programme

- 15 hours of technology enhanced lessons per week (09:30 - 13:00)

- 1 half day excursion per week (13:30 - 18:30)
- 4 weekday afternoon activities (14:00 - 16:30)
- 2 organised midweek evening activities (19:30 - 21:30)
- All entrance fees included
- Accommodation with a carefully selected host family
- Private transport to and from school including all excursions
- Breakfast and dinner with host family
- Served hot lunch in school
- All classroom materials and use of our computer hardware
- @lireland.com email address and all software subscriptions
- End of course certification

Note: Host families will provide students with a packed lunch on Saturdays. Sunday is a host family day.

Programme Introduction

In Dublin, Ireland fun junior summer programmes include in our

FL Host Family Programme 2017 course information

Host family students stay with carefully selected Irish families and are immersed in the friendly Irish culture from morning to night. FL uses the highly regarded and sought after areas of Malahide, Portmarnock and Donabate which are all coastal areas and within 25-30 minutes of Dublin city centre.

Mornings are spent in fun technology enhanced classes, afternoons include exciting activities with highly qualified FL staff and evening times are a mixture of free time and organised activities and excursions. Your transport to and from school is fully arranged with private coach and supervised by FL staff at all times.

Course Dates:
Monday 26th June to Friday 4th August

Arrival days: Saturdays and Sundays

Minimum stay: 2 weeks

Class sizes: Maximum of 15 (average is 13)

Student ages: 11 to 17 years old

Important: For this technology enhanced English programme all students must have a tablet device (iPad is our preferred tablet) or a smartphone which can be used in class each day.
Our exclusive residential centre is one of the best in class in Ireland. The centre is excellently equipped in all areas to cater for energetic students and provides top of the range facilities and catering services.

Gormanston park offers modern residential accommodation with twin bunk en suite rooms of the highest standard. All public student areas and bedrooms are equipped with free WiFi access. The centre rests in the beautiful setting of rural mature grounds which offer tree-line pathways, landscaped gardens, an onsite foot golf course, one of Ireland’s largest indoor sports centre, with large open green areas for student activities and not to mention the spectacular Gormanston Castle which shares the same grounds.

Future Learning students have their own exclusive relaxation areas along with a private coffee dock with TV facilities. Choosing our residential programme promises not to disappoint. Sharing accommodation with a mix of international students and supervised by our energetic FL staff, students are occupied and entertained all day long. FL residential students have full use of our private coach that takes students on the 25 minute journey to and from school every day.

The main difference between the residential programme and the host family programme is the 24/7 supervision of our residential students along with evening activities every evening and an additional city excursion on Sunday.

2017 COURSE INFORMATION

Course Dates: Monday 3rd July to Friday 28th July
Arrival days: Saturdays and Sundays
Minimum stay: 2 weeks
Class sizes: Maximum of 15 (average is 13)
Student ages: 11 to 17 years old

Important: For this technology enhanced English programme all students must have a tablet device (iPad is our preferred tablet) or a smartphone which can be used in class each day.
Future Learning Ireland is at the forefront of technology enhanced learning and our school, located in Donabate, is one of the most technologically advanced buildings in Ireland.

Donabate Community College is a recently built school and has the ability to cater for up to 1,000 students - space is not a problem! We are confident in saying that our school and its facilities have the edge over all other schools in Dublin, and perhaps in Ireland.

School Facilities

- 100 Megabyte Broadband
- Wireless catering for up to 10,000 mobile devices
- 24 top of the range interactive touch screen boards
- 4 computer rooms each with 30 modern desktop computers
- 1 additional high spec computer room
- 20 specialist rooms
- Spacious bright staff room with computer facilities for Group Leaders
- Adjoining gym with dance studio, spin room and exercise rooms
- Large indoor sports hall
- Cafe next door in the gym
- 5 Basketball courts
- Open planned architecture
- Bright, spacious and colourful
- Capacity of 1,000 students
- Large open areas for students to relax
- Spacious assembly area
- Modern courtyard where students can eat lunch

GETTING THERE

The FL school is just a 15-20 minute journey by private coach from our host families in Malahide and Portmarnock.

Donabate host family students walk the short journey to school.

Residential students travel to school by private coach and the journey is just 25 minutes.

The FL school is fantastic. It has all the latest modern technology and it is very spacious and clean. It is a perfect environment for international students to learn English and have fun.”

Marta - Slovenia
All FL students take part in afternoon activities that are a combination of on campus and off campus activities. Afternoon activities are as important for us as providing high quality and technologically enhanced English lessons. A wide selection of activities are available for all FL students. Here are just a few examples of our activities:

- Team building and group activities
- Basketball
- Indoor & outdoor soccer
- Cookery
- Art classes
- Design Technology Workshop
- Exploring Science
- Irish Football & Hurling Coaching
- Modern dance classes
- Volleyball
- Music & Drama
- Local cultural and scenic visits
- Woodwork
- Dodgeball
FL host family students have two organised activities per week while residential students have activities each evening. It is important to note that Saturdays and Sundays are busy student days with Thursday being a half day excursion for everyone. Some examples of our evening activities and excursions include:

- Bowling and Quaser
- Professional Irish football and hurling
- Watersports - sailing and canoeing
- Professional Irish Dancing
- Visit Howth fishing village
- Powerscourt & Glendalough
- Rock climbing
- Croke Park Football Stadium
- Dundrum Shopping Centre
- Scenic cycling tours
Now in the second year FL offers a unique Residential Programme in the beautiful and historical city of Canterbury. Participating in this programme you are guaranteed to have an amazing experience. This residential programme consists of 15 hours tuition per week, fun afternoon activities, amazing excursions, lots of new international friends along with everlasting memories.

Read all about our Canterbury residential junior programme on the next pages and we welcome any further questions info@flireland.com.

PROGRAMME INTRODUCTION

Canterbury, UK
Fun Junior Summer Programmes

FL RESIDENTIAL PROGRAMME: ST. GEORGES

Our Canterbury residence is perfectly located just a 7-10 minute walk from Christ Church University where the lunch time food court is situated and where lessons take place. We have a variety of residential ensuite rooms available in 6 and 8 bed apartments. Each apartment has its own kitchen and living room area with TV. St. Georges is a very safe and centre which is ideal for FL staff to monitor our international students.

Students are guaranteed to have a truly memorable summer experience in this historical city and nearby surroundings. Weekend excursions consist of visits to London city and beautiful coastal locations such as Ramsgate, Margate, Broadstairs and Dover to name a few.

This FL residential programme includes a full schedule of evening activities and weekend excursions.

INCLUDED IN OUR CANTERBURY RESIDENTIAL PROGRAMME:

- 15 hours of technology enhanced lessons per week (09:30 - 13:00)
- 1 full Saturday excursion per week (09:30 - 17:30)
- 1 light Sunday excursion (11:00 - 17:30)
- 5 weekday afternoon activities/excursions (14:00 - 16:30)
- Full schedule of midweek evening activities (19:30 - 21:30)
- All entrance fees
- En suite accommodation with modern facilities
- Private transport to and from all excursions
- Breakfast, lunch and dinner served on campus.
- All classroom materials and use of our computer hardware
- @flireland.com email address and all software subscriptions
- End of course certification

Note: students walk 7-10 minutes from St. Georges to the Christ Church University Campus for meals and lessons.

2017 COURSE INFORMATION

Course Dates: Monday 3rd July to Friday 4th August
Arrival days: Sundays
Minimum stay: 2 weeks
Class sizes: Maximum of 15 (average is 13)
Student ages: 11 to 17 years old

Important: For this technology enhanced English programme all students must have a tablet device (iPad is our preferred tablet) or a smartphone which can be used in class each day.
future Learning is delighted to be working with one of the finest Universities in the UK. Canterbury Christ Church University (CCCU) is perfectly situated to meet the needs of our students and group leaders. Although the University campus is large, it certainly doesn’t have that feel. The campus is compact and easy to find your way about whilst a 10 minute walk will get you to the heart of Canterbury town to see the world famous and iconic Cathedral. The University grounds and surrounding areas are beautifully designed with nice walkways lined with trees and flowers. There is a community atmosphere everywhere you go and FL international students certainly add to this atmosphere.

Most importantly CCCU and has the correct modern facilities which Future Learning specifically requires to run our technology enhanced programmes. The FL classrooms are modern, bright and well equipped for 21st century language learning. Located close to the Touchdown Cafe one is never too far away to grab a coffee!

CANTERBURY FACTS

- City population is 44,000
- The city lies on the River Stour.
- Canterbury Cathedral is one of the most visited places in the UK
- Canterbury has the highest student/permanent resident ratio in the UK
- The Kings School in Canterbury is the oldest school in England
- The Canterbury trot was the name given to the way pilgrims rode their horses to get to the city before the night time curfew.
- That was the origin of the verb to canter.
- Canterbury is famous as the long-time spiritual center of England.
- The very first Archbishop of Canterbury was St. Augustine in 597
- Canterbury Cathedral burned down in 1067. After 1070 Normans built a new one to replace it.
- This new Cathedral burned down in 1174. The cathedral was rebuilt again after 1175.

GETTING THERE

Both the lessons and the food court are located on the north Holmes Campus of CCCU.

Residential students have just a 7-10 minute walk.

FL staff accompany students to and from school each day.
All FL students take part in afternoon activities that are a combination of on-campus and off-campus activities. Afternoon activities are as important for us as providing high quality and technologically enhanced English lessons. A wide selection of activities are available for all FL students. Here are just a few examples of our activities:

- Team building and group activities
- Professional guided tour of Canterbury
- Baking English scones
- Indoor & Outdoor soccer
- Dodgeball
- Cricket
- Basketball
- Tag Rugby
- Spin Studio
- Volleyball
- Modern dance
- Punting on the river Stour
- Music & Drama
- Local cultural and scenic visits
FL Canterbury students have evening activities each evening. It is important to note that Saturdays (London city excursion) and Sundays are busy student days with Thursday being a half day excursion for everyone. Some examples of our evening activities and excursions include:

- Bowling and quaser
- Professional tour of main London
- Visit Wembley stadium
- Visit Margate seaside
- Canterbury Christ Church Cathedral
- Chatham maritime Dockyards
- Disco night
- Games evening
- Fashion show with theme
- Comedy night
- Team games and challenge night
- Movie night
- Karaoke night
- Ghost tour of Canterbury
Future Learning works with Top Irish Secondary Schools in superb locations to offer year-round academic placements. We offer both public and private schools as well as boarding and host family options. Term placements are also available.

Future Learning Ireland selects only the best schools which aim to develop the cultural, creative and intellectual development of each student in every aspect of school life. These schools work alongside us to provide a learning environment in which our students can achieve the standards of excellence appropriate to their potential and ability.

Studying abroad is a life changing experience for any teenager. It can also be a daunting prospect if it is your first time away from your family, for this reason FL are on hand to guide and help you through every stage of the process.

FL can offer numerous top quality private and public schools in the Dublin area and all about Ireland. Our directors have considerable experience in the field of second level education.

The standard Irish Education System is broken into 6 years and schools in Ireland are obliged to open for 167 days per year at second level.

**Years 1 to 3**

Average age of 12 to 15 years. Known as 1st to 3rd year and the Junior Cycle. The State examination marks the end of this cycle in 3rd year and is known as the Junior Certificate of the Department of Education & Skills.

**Year 4**

Average age of 15 & 16 years. This year is known as fourth year or Transition Year. In most Irish schools this is an optional year which many students decide to uptake. Transition Year provides a strong basis for 5th & 6th years and also allows for the exploration of many other subject areas along with participating in outside projects and cultural experiences. This is our most popular year for one year visiting foreign students.

**Year 5 to 6**

Average age of 17 & 18 years. The Senior Cycle is of two years duration with 5th year providing a foundation for the final 6th year known as the Leaving Certificate. The Leaving Certificate examination (Ireland’s State Exam) is used as an entrance qualification for all the universities in the Republic of Ireland.

The Irish Leaving Certificate is also used as an entrance qualification for universities in Great Britain and Northern Ireland. It is widely accepted as an entrance qualification for universities throughout the European Union and around the world. The standard Irish Education System is broken into 6 years and schools in Ireland are obliged to open for 167 days per year at second level.

Each student and family has different requirements when choosing a school. Some will prefer private and some will prefer public, some will prefer boarding some will prefer host family, some will want a school in the Dublin area while some will prefer rural Ireland. With all of this in mind we can help you match the secondary school which best suits your needs, we have a wide variety of options for everyone.

Our high school programme is in demand and we recommend registering your interest before the Christmas break.
Worldwide education systems and schools are currently going through a noticeable shift in teaching and learning methods. This shift is down to the increasing use of modern technology in our everyday lives, especially mobile technology. Schools are under pressure to incorporate these technologies into teaching and learning in the classroom and beyond, with many adopting 1:1 tablet devices for staff and students. FL has been at the forefront of these changes for a number of years and our staff have been involved in advising schools in Ireland and abroad on the best ways to make these changes and successfully implement technology in the classroom.

**SUMMER COURSES FOR TEACHERS (ERASMUS+)**

These courses are designed for second level teachers who are interested in how technology enhanced learning can be put into practice in their classroom. The course sessions are hands-on workshops which give the teacher lots of practical techniques that they can bring back to their classroom and students. The course is delivered through the medium of English. The courses are run in conjunction with our highly successful technology enhanced language school. This means that it can draw on the expertise of trainers who have also put the techniques and technologies they are talking about into practice with our junior students.

These are two-week courses, Monday to Friday, totalling 20 hours per week. The programme also includes two cultural visits and one organised social activity per week. We can also organise full board and accommodation in the area either in our residence or in a private room with one of our friendly local host families. A one-week timetable is available for those looking for an introduction to the topic.

**ERASMUS+ FUNDING**

Erasmus+ is the European programme that funds training for teachers in other European countries up to 2020. Educational institutions can apply for mobility funding over a couple of years in order to meet the development needs they have identified. Mobility means travelling to avail of professional development opportunities in other countries. Participation in the programme is open to the 27 EU Member States as well as five non-EU Member States (former Yugoslav Republic of Macedonia, Iceland, Norway, Liechtenstein, Turkey). Applications should be made by schools to their national agency. Future Learning is happy to facilitate funding applications wherever we can.

**ON-SITE WORKSHOPS**

Too often we see schools spend vast amounts of money on expensive hardware and software subscriptions. While these may look nice and sound attractive, they are often not used to their potential. This potential can only be realised by training the staff on how best to implement it in their teaching in a way that enhances learning.

Future learning leads the way in the use of technology in language learning and our team of qualified and experienced teachers are enthusiastic about using the techniques we have developed to enhance the 21st century classroom and deliver more effective outcomes for our students by incorporating the appropriate educational technology into everyday teaching and learning.

Future Learning can provide a workshop that is tailored to meet the specific needs of your school. This could be about implementing the use of iPads or another educational technology. These workshops, which are one to two days in length, are designed after close consultation and the structure will vary according to the individual needs. It would be held in familiar surrounding of the school itself.

- Pocket money

Payment:
A booking is considered as provisional when a deposit of €200/£200 has been received in the Future Learning Language School Ltd account. Initial deposit must be paid within 30 days of booking.

Final balance is to be paid in full no later than 30 days prior to arrival of a group and/or individual(s). We reserve the right to cancel the booking arrangements made if due payments have not reached the school’s bank account prior to the arrival of the group and/or individual(s).

Cancellation and refund:
Notification of cancellation for each individual and/or groups must be made in writing. Refunds are offered as follows when the notification of cancellation is made:

- 6 weeks before the travel date: Future Learning Language School retains deposit payment only.
- 2-5 weeks before travel date: Future Learning Language School retains 50% of total course cost.
- 2 weeks or less before travel and no show: Future Learning Language School retains 100% of course cost.

If cancellations or changes of scheduled airlines, threatened or actual natural disasters, host family cancellations or any other event outside the control of the company either delays, extends the stay, compels a change in the programme or accommodation arrangements or forces the programme to be cancelled, we cannot accept liability for any resulting loss, damage or expense.

Changes to course:
Courses are offered subject to demand. Future Learning Language School Ltd has the right to change prices, starting dates, course content and programmes at any time due to errors, omissions, change in expected student numbers and circumstances beyond our control. In such cases, you will be informed as soon as possible in writing. Where a major change is involved, a choice will be given of either accepting the change which will be of a comparative standard (if available), or rejecting it. If the latter applies, we will promptly refund all monies received.

Visa requirements:
It is the responsibility of the parent, guardian or agency to contact their local embassy (or other appropriate office) in good time in order to obtain any visas/entry documents required. No visa support documentation will be issued by Future Learning Ireland until course fees have been paid in full.

Travel details:
Once you have booked your course, please send us details of your flight/travel arrangements, at least 30 days before you are due to arrive.

All unaccompanied students under 16 years of age must check the travel requirements of their airline and, when necessary, book the supplement for check-in assistance on departure.

Keeping in touch:
We enrol students on the assumption that they are in good health. Any pre-existing conditions and/or special dietary requirements must be communicated to us before arrival.

We strongly advise that all students and leaders appropriately insure themselves against the usual risks associated with overseas travel, e.g. personal accident or injury, ill-health (medical/hospital fees), cancellation, delay, loss of baggage or property etc., i.e. comprehensive travel insurance. All European students must also carry a valid EHIC (European Health Insurance Card).

Behavior:
Student ID badge must be worn at school and all excursions. Students cannot leave the residence or school or be absent from any lesson, activity or excursion without permission from the Centre Manager. Students must comply with the rules and code of conduct of the school. Any breach of these rules may result in the student being suspended or, in extreme cases, expelled at the parents’ expense. No refunds will be made.

Laundry:
Washing is offered once a week. Dry cleaning can be arranged at extra cost.

Pocket money:
The cost of all daytime activities is included in the fees. Nevertheless students like to have pocket money for drinks, sweets and small souvenirs.

Loss and damage:
Students will be charged for any damage they cause during their stay. By completing this booking form parent or guardian accepts responsibility for any damage caused by the student and any resultant cost for repair or replacement.

Whilst every help and assistance is given to ensure that students’ property is safe at all times, we do not accept responsibility for any loss of, or damage to, any property of students, including tablets and smartphones. We do not accept any responsibility for any loss or expense due to changes in public transport, weather, quarantine, sickness, strike or any other cause.

Marketing:
By enrolling on our course, the parents or guardians for the student, and the person responsible for the payment of fees, consent to the reasonable use of the student’s details and achievements, including images or recordings of the student howsoever made, for promotional purposes. We must be notified in writing at the time of booking if you do not agree to any aspect of this.

---

**What To Do Next**

1. Send this completed booking form by email to Edulingo Sprachreisen
2. Once we receive this form we will issue you with an invoice for a €200/£200 non refundable deposit.
3. Once the deposit is received by the school you will receive a confirmation letter confirming your place along with the due balance invoice. The full balance must be cleared 30 days before the course begins.
4. Once the balance payment is paid you will receive a visa invitation letter (if required), transfer details, student handbook.

---
